SUBJECT INDEX

A

ABSTRACTS [Current Literature]
64, 229, 312, 394, 473, 556, 652, 740, 829, 917, 999

adenocarcinoma
Adenocarcinoma metastatic to the temporomandibular joint (Hecker & others), 629
Glycogen-rich adenocarcinoma of a minor salivary gland (Lattanzi & others), 122
Mandibular gingival metastasis from a rectal adenocarcinoma (Tsianos & others), 133
Mandibular metastasis from a primary adenocarcinoma of the Fallopian tube (Curtin & Radden), 636

adenoma
Adenomatoid odontogenic tumor in a black African population: report of thirteen cases (Ajagbe & others), 683
Monomorphic adenoma of the buccal mucosa (McCoy-Collins & others), 644
Sialadenoma papilliferum (Bass & Cosentino), 302
Surgical treatment of pleomorphic adenoma of the parotid gland: report of 110 cases (Chang & Lee), 680

adult respiratory distress syndrome
Adult respiratory distress syndrome as a complication of oral and maxillofacial surgery (Woodcock & others), 782
Pathogenesis and treatment of adult respiratory distress syndrome (Tse & others), 870

advancement
Stability associated with mandibular advancement treated by rigid osseous fixation (Van Sickels & Flanary), 338

airway
Acute airway obstruction following tooth extraction in hereditary angioedema (Degroote & others), 52
A re-evaluation of the role of tracheostomy in Ludwig's angina (Allen & others), 436

allergic reactions
Intolerance to aspirin and the nonsteroidal anti-inflammatory drugs (Housholder), 333

alveola(e)
Alveolar wound healing and ridge remodeling after tooth extraction in the rat: a histologic, radiographic, and histometric study (Guglielmotti & Cabrini), 359
Case 58: maxillary alveolar mass in a 13-year-old boy [clinicopathologic conference] (Sacks & others), 958
Evaluation of hydroxylapatite root implants in baboons (Gumaer & others), 73
A primate model for producing experimental alveolar cleft defects (El Deeb & others), 523

alveolar canal
Superior and buccal displacement of the mandibular canal in fibrous dysplasia (Giunta & others), 460

alveolar nerve
Microsurgical correction of the injured inferior alveolar nerve (Mozsary & Syers), 353
Selective anesthesias of the inferior alveolar nerve in leukemia and lymphoma (Barnett), 992

alveolar ridge
Composite graft for mandibular alveolar ridge augmentation: a preliminary report (Kraut), 856

ameloblastic fibroma
Ameloblastic fibroma in an infant (Young), 289

ameloblastic sarcoma
Ameloblastic sarcoma of the mandible (Altini & others), 789

ameloblastoma
Clear cell ameloblastoma—an odontogenic carcinoma (Waldron & others), 707
Computed tomography in the diagnosis and treatment of mandibular ameloblastoma: report of cases (Cohen & others), 796
Recurrence of an ameloblastoma in an autogenous iliac bone graft (Stea), 374
Spontaneous regeneration of the condyle following hemimandibulectomy by disarticulation (Nagase & others), 218

American Association of Oral and Maxillofacial Surgeons
Improving the political process [editorial] (Laskin), 923
Putting power in our PAC [editorial] (Laskin), 747

American Burkitt's lymphoma
Nonendemic American Burkitt's lymphoma (Van Sickels & others), 453

analgesia
Comparison of the analgesic efficacy of flurbiprofen and aspirin for postsurgical dental pain (Mardirossian & Cooper), 106
Comparison of meclofenamate sodium with buffered aspirin and placebo in the treatment of postsurgical dental pain (Markowitz & others), 517
Evaluation of rebreathing in various modifications of the Mapleson-D system (Campbell & others), 574
Intolerance to aspirin and the nonsteroidal anti-inflammatory drugs (Householder), 333
The short-term effect of intra-articular injections of sodium hyaluronate and corticosteroid on temporomandibular joint pain and dysfunction (Kopp & others), 429

anesthesia
Anesthesia or sedation? [letter] (Niamtu), 71
Cardiac arrest due to anesthesia [abstract] (Hupp), 917
A clinical assessment of etomidate for outpatient general anesthesia: a preliminary evaluation (Gallagher & Hann), 860
Conversion phenomenon following general anesthesia (Orr & Glassman), 817
Effect of preoperative cimetidine and ranitidine on gastric secretion (Royer & Triplett), 956
Evaluation of rebreathing in various modifications of the Mapleson-D system (Campbell & others), 574
Malignant hyperthermia in a patient receiving nitrous oxide (Waite & others), 907
Vascular penetration following intraligamental injection (Rawson & Orr), 600

aneurysm
Traumatic aneurysm of the facial artery caused by missile injury (Rahmat & others), 990

angioedema
Acute airway obstruction following tooth extraction in hereditary angioedema (Degroote & others), 52

angioleiomyoma
Primary angioleiomyoma of the mandible (White & others), 640

animal bites
Rabies therapy for animal bites in the head and neck region (Flanigan & others), 704

antibiotic(s)
Ampicillin concentrations in human serum, gingiva, mandibular bone, dental follicle, and dental pulp following a single oral dose of talampicillin (Akimoto & others), 270
Antibiotic prophylaxis for major maxillocraniofacial surgery (Conover & others), 865
Antibiotic supplemented bone allografts [letter] (Hupp; Petri), 321
Use of prophylactic antibiotics in temporomandibular joint surgery (Eppley & Delfino), 675

antidiuretic hormone
Syndrome of inappropriate antidiuretic hormone secretion associated with maxillofacial trauma (Gingrass & Grote), 626

antrum
fiberoptic antroscopy (Pogrell), 139
sublabial antrostomy (Ghosh), 142

arteritis
Necrosis of the upper lip from giant-cell arteritis (Pogrel), 300

arthritis
Pathologic evaluation of disc dysfunction and osseous abnormalities of the temporomandibular joint (Anderson & Katzberg), 947
Protracted temporomandibular joint arthritis in familial Mediterranean fever (Tovi & others), 466

arthrogryposis multiplex complex
Arthrogryposis multiplex complex involving the temporomandibular joint (Heffez & others), 539

articular eminence
Methyl methacrylate obturation of the pneumatized articular eminence of the temporal bone (Kraut), 554

artifacts
Artifacts in oral biopsy specimens (Margarone & others), 163

aspirin
Intolerance to aspirin and the nonsteroidal anti-inflammatory drugs (Housholder), 333

atypical facial neuralgia
Brainstem auditory evoked potentials in atypical facial neuralgia (Ramani), 35

auditory evoked potential
Brainstem auditory evoked potentials in atypical facial neuralgia (Ramani), 35

augmentation
A method for augmenting the severely atrophic maxilla using hydroxylapatite (Lew), 57
Subperiosteal onlay augmentation of the mandible: a clinical and radiographic survey (Swart & Allard), 183

autogenous bone
Healing of mandibular ridge augmentations using hydroxylapatite with and without autogenous bone in dogs (Block & Kent), 3

autoimmune disorders
Sjögren's syndrome in a young adult (Hurt & Burrough), 819

avitene
Evaluation of a subcutaneously implanted hydroxylapatite-avitene mixture in rabbits (Harvey & others), 277

B

bacterial endocarditis
Maxillary nerve involvement in bacterial endocarditis (Barnett & Smith), 816
Bain system
Evaluation of rebreathing in various modifications of the Mapleson-D system (Campbell & others), 574
biopsy
Artifacts in oral biopsy specimens (Margarone & others), 163
bite(s)
Components of adult class II open-bite malocclusion (Ellis & others), 92
Rabies therapy for animal bites in the head and neck region (Flanigan & others), 704
bleeding
Blood loss with use of the Shaw scalpel for the treatment of oral cancer (Takagi & others), 580
Exodontia in combined factor V and factor VIII deficiency (Bartlett & others), 537
A simplified nasal packing (Burke), 555
blood
Autologous transfusion in orthognathic surgery (Marciani & Dickson), 201
Nitroglycerin-controlled circulation in orthognathic surgery (Golia & others), 342
Prilocaine-induced methemoglobinemia in a child with Shwachman syndrome (Klos & Hays), 621
The relationship between blood ordered and blood administered in orthognathic surgery: a retrospective study (Ash & Mercuri), 944
blood vessels
Biologic effects of freezing on various tissues of the maxillofacial region (Ding & others), 778
Necrosis of the upper lip from giant-cell arteritis (Pogrel), 300
Traumatic aneurysm of the facial artery caused by missile injury (Rahmat & others), 990
The use of transarterial microembolization in the management of hemangiomas of the perioral region (Braun & others), 239
Vascular leiomyoma of the oral cavity (Epivatianos & others), 377
Vascular malformation: report of a case with eight-year follow up (Spatz & others), 281
Vascular penetration following intraligamental injection (Rawson & Orr), 600
bone(s)
Aggressive ossifying fibroma of the mandible (Reaume & others), 631
Alternative donor sites for maxillary bone grafts (Wolford & Cooper), 471
An analysis of 2,067 cases of zygomatico-orbital fracture (Ellis & others), 417
Antibiotic supplemented bone allografts [letter] (Hupp; Petri), 321
An atypical solitary bone cyst (Persson), 905
Biologic effects of freezing on various tissues of the maxillofacial region (Ding & others), 778
Case 56: intraosseous tumor of the maxilla [clinicopathologic conference] (Petri & others), 726
A comparison of freeze-dried allogeneic and fresh autologous vascularized rib grafts in dog radial discontinuity defects (Schaberg & others), 932
Composite graft for mandibular alveolar ridge augmentation: a preliminary report (Kraut), 856
Compression osteosynthesis of mandibular fractures: a retrospective study (Tu & Tenhulzen), 585
The correction of mandibular deformity due to Paget's disease of bone (Weisenfeld & others), 125
The effect of electrical current on the healing of mandibular freeze-dried bone allografts in dogs (Branham & others), 403
Effects on the periodontium of vertical bone cutting for segmental osteotomy (Kwon & others), 952
Endochondral ossification of the condyle in rats on a strontium or low-calcium diet (Nagayama & others), 693
Evaluation of a subcutaneously implanted hydroxylapatite-avitene mixture in rabbits (Harvey & others), 277
Experimental study of the use of collagen tubes for implantation of particulate hydroxylapatite (Gongloff & Montgomery), 845
Fracture of the hyoid bone associated with a mandibular fracture (Whyte), 805
Healing of mandibular ridge augmentations using hydroxylapatite with and without autogenous bone in dogs (Block & Kent), 3
Mandibular fracture in a five-week-old infant (Mettubjian), 814
Methyl methacrylate obturation of the pneumatized articular eminence of the temporal bone (Kraut), 554
Modified Kocher clamp for fragment stabilization after sagittal ramus osteotomy (Alexander), 649
Osteoinduction in rhesus monkeys using demineralized bone powder allografts (Hosny & Sharawy), 837
Osteoinduction in young and old rats using demineralized bone powder allografts (Hosny & Sharawy), 925
A pin-in-groove technique for reduction of displaced subcondylar fractures of the mandible (Wennogle & Delo), 659
Post-irradiation osteogenic sarcoma (Zachariades & others), 297
Primary angioleiomyoma of the mandible (White & others), 640
Pseudomalignant osseous tumor of the temporalis muscle (Wiesenfeld & others), 786
Radiographic appearance and population distribution of the pneumatized articular eminence of the temporal bone (Tyndall & Matteson), 493
Recurrence of an ameloblastoma in an autogenous iliac bone graft (Stea), 374
A retrospective study of 1,521 mandibular fractures (Bochlogyros), 597
Salvage of the mandibular staple bone plate following bone infection (Davenport & others), 981
Spontaneous regeneration of the condyle following hemimandibulectomy by disarticulation (Nagase & others), 218
Subperiosteal onlay augmentation of the mandible: a clinical and radiographic survey (Swart & Allard), 183
Surgical treatment of van Buchem's disease (Ruckert & others), 801
A technical note on placement of the mandibular staple bone plate (Heffez), 225
Technique for controlled placement of hydrosylapatite over atrophic mandibular ridges (Propper), 469
A technique for osseous restoration of deficient edentulous maxillary ridges (Boyne & others), 87
Treatment of condylar fractures associated with other mandibular fractures (Ikemura), 810
Use of collagen tubes for implantation of hydroxylapatite: an experimental study (Gongloff & others), 570
BOOK REVIEWS [Current Literature]
148, 315, 474, 742
Burkitt's lymphoma
Nonendemic American Burkitt's lymphoma (Van Sickels & others), 453

C

calcification
Calcified structures in anterior maxillary cysts [letter] (Haber-Cohen & Eckhart), 573
calcifying epithelial odontogenic tumor
Calcifying epithelial odontogenic tumor: a case showing features of malignancy [abstract], (Harsha), 918
calculus(i)
Giant submandibular gland calculi (Naraynsingh), 384
candidiasis
Oronasal fistula secondary to nasal septal surgery and candidiasis (Thompson & others), 964
carbon dioxide
Continuous transcutaneous O_2 and CO_2 monitoring during conscious sedation for oral surgery (Kraut), 489
Removal of oral soft tissue pathology with the CO_2 laser (Frame), 850
carcinoma
Adenocarcinoma metastatic to the temporomandibular joint (Hecker & others), 629
Blood loss with use of the Shaw scalpel for the treatment of oral cancer (Takagi & others), 580
Case 56: intraosseous tumor of the maxilla [clinicopathologic conference] (Petri & others), 726
Case 58: maxillary alveolar mass in a 13-year-old boy [clinicopathologic conference] (Sacks & others), 958
Choriocarcinoma metastatic to the maxillofacial region (Sesenna & Gazzotti), 543
Clear cell ameloblastoma—an odontogenic carcinoma (Waldron & others), 707
Gingival metastasis from breast carcinoma (Sweet & others), 546
Mandibular gingival metastasis from a rectal adenocarcinoma (Tsianos & others), 133
Mandibular metastasis from a primary adenocarcinoma of the Fallopian tube (Curtin & Radden), 636
Pancreatic carcinoma metastatic to the mandibular gingiva (Stecher & others), 385
carcinogen(s)
Effects of smokeless tobacco and snuff on oral mucosa of experimental animals (Shklar & others), 80
cartilage
Biologic effects of freezing on various tissues of the maxillofacial region (Ding & others), 778
Osteoarthritis of the temporomandibular joint: a light microscopic and scanning electron microscopic study of the articular cartilage of the mandibular condyle (DeBint & others), 481
cheek
Monomorphic adenoma of the buccal mucosa (McCoy-Collins & others), 644
children
Ameloblastic fibroma in an infant (Young), 289
Diagnosis and treatment of jaw tumors in children (Chuong & Kaban), 323
False median cleft (Takato & others), 884
Mandibular fracture in a five-week-old infant (Mettubjian), 814
Prilocaine-induced methemoglobinemia in a child with Shwachman syndrome (Klos & Hays), 621
Protecting our children [editorial] (Laskin), 564
Simultaneous occurrence of dermoid and heterotopic intestinal cysts in the floor of the mouth of a newborn (Eppley & others), 880
chondrosarcoma
Chondrosarcoma of the jaw: review of fourteen cases (Ajagbe & others), 763
choriocarcinoma
Choriocarcinoma metastatic to the maxillofacial region (Sesenna & Gazzotti), 543

circulation
Nitroglycerin-controlled circulation in orthognathic surgery (Golia & others), 342
clamp
Modified Kocher clamp for fragment stabilization after sagittal ramus osteotomy (Alexander), 649
clear cell ameloblastoma
Clear cell ameloblastoma—an odontogenic carcinoma (Waldron & others), 707
cleft(s)
False median cleft (Takato & others), 884
A primate model for producing experimental alveolar cleft defects (El Deeb & others), 523
CLINICOPATHOLOGIC CONFERENCES
Case 53: multiloculated radiolucency of the left mandible (Geist & others), 205
Case 54: solitary palatal ulcer (Hupp & others), 365
Case 55: large right mandibular mass (Addante & Laskin), 531
Case 56: intraosseous tumor of the maxilla (Petri & others), 726
Case 57: multiple enlargements of the premaxilla and mandible (Fotos & others), 822
Case 58: maxillary alveolar mass in a 13-year-old boy (Sacks & others), 958
collagen
Experimental study of the use of collagen tubes for implantation of particulate hydroxylapatite (Gongloff & Montgomery), 845
Use of collagen tubes for implantation of hydroxylapatite: an experimental study (Gongloff & others), 570
computed tomography
Computed tomography in the diagnosis and treatment of mandibular ameloblastoma: report of cases (Cohen & others), 796
Use of computed tomography in the localization of head and neck space infections (Hall & others), 978
condyle
Condylar position after mandibular advancement [letter] (Reitzik; Will), 479
Endochondral ossification of the condyle in rats on a strontium or low-calcium diet (Nagayama & others), 693
Fracture of the glenoid fossa and dislocation of the mandibular condyle into the middle cranial fossa (Copenhaver & others), 974
Functional therapy for fractures of the condyloid process in adults (Thiele & Marcoot), 226
Maintenance of condylar position after sagittal split osteotomy of the mandible (Leonard), 391
Osteoarthritis of the temporomandibular joint: a light microscopic and scanning electron microscopic study of the articular cartilage of the mandibular condyle (DeBint & others), 481
Spontaneous regeneration of the condyle following hemimandibulectomy by disarticulation (Nagase & others), 218
Spontaneous regeneration of a unilaterally absent mandibular condyle (Keizer & Tuinzing), 130
Treatment of condylar fractures associated with other mandibular fractures (Ikemura), 810
conversion reaction
Conversion phenomenon following general anesthesia (Orr & Glassman), 817
coronoid process
Bilateral coronoid hyperplasia: report of two cases (Kraut), 612
corticosteroids
The short-term effect of intra-articular injections of sodium hyaluronate and corticosteroid on temporomandibular joint pain and dysfunction (Kopp & others), 429
cost containment
Getting a charge out of oral surgery [editorial] (Laskin), 658
Cowden's disease
Cowden's disease (multiple hamartoma syndrome) (Gilbert & others), 457
cranial fossa
Fracture of the glenoid fossa and dislocation of the mandibular condyle into the middle cranial fossa (Copenhaver & others), 974
cyst(s)
An atypical solitary bone cyst (Persson), 905
Calcified structures in anterior maxillary cysts [letter] (Haber-Cohen & Eckhart), 563
Development of a keratocyst in the facial soft tissues (van der Wal), 614
Medial palatine cyst (Gingell & others), 47
Odontogenic keratocysts: review of the literature and report of sixteen cases (Zachariades & others), 177
Sialolith in a median anterior maxillary cyst (Sadeghi & Angell), 55
Simultaneous occurrence of dermoid and heterotopic intestinal cysts in the floor of the mouth of a newborn (Eppley & others), 880

D

decision-making
The art of doing nothing [editorial] (Laskin), 72
dermoid cyst
Simultaneous occurrence of dermoid and heterotopic intestinal cysts in the floor of the mouth of a newborn (Eppley & others), 880
desmoplastic fibroma
Case 55: large right mandibular mass [clinicopathologic conference] (Addante & Laskin), 531
Desmoplastic fibroma of the maxilla (George & others), 718
disc(s)
The correlation of temporomandibular joint sounds with joint morphology in fifty-five autopsy specimens (Eriksson & others), 194
Morphology of the developing articular disc of the human temporomandibular joint (Wong & others), 565
Pathologic evaluation of disc dysfunction and osseous abnormalities of the temporomandibular joint (Anderson & Katzberg), 947

Variations of vertical maxillary excess (Schendel & Carlotti), 590
Vertical and horizontal proportions of the face in young adult North American Caucasians: revision of neoclassical canons [abstract] (Bee), 917
facial nerve
Biologic effects of freezing on various tissues of the maxillofacial region (Ding & others), 778
Facial nerve injury during surgery of the temporomandibular joint: a comparison of two dissection techniques (Hall & others), 20
factor V deficiency
Exodontia in combined factor V and factor VIII deficiency (Bartlett & others), 537
factor VII deficiency
Multiple extractions in a patient with factor VII deficiency (Sumi & others), 382
factor VIII deficiency
Exodontia in combined factor V and factor VIII deficiency (Bartlett & others), 537

factor XIII deficiency
Tooth extraction in two patients who had a congenital deficiency of factor XIII (Suzuki & Kaneda), 221
familial Mediterranean fever
Protracted temporomandibular joint arthritis in familial Mediterranean fever (Tovi & others), 466
fiberoptics
Fiberoptic antroscopy (Pogrel), 139
fibrin seal
Fibrin seal: the state of the art (Matras), 605
fibroma(s)
Aggressive ossifying fibroma of the mandible (Reaume & others), 631
Ameloblastic fibroma in an infant (Young), 289
Case 55: large right mandibular mass [clinicopathologic conference] (Addante & Laskin), 531
Desmoplastic fibroma of the maxilla (George & others), 718
Odontogenic fibroma of the complex (WHO) type: report of six cases (Doyle & others), 666
Squamous odontogenic fibroma (Erseven & others), 136
fibromyxoma
Case 53: Multiloculated radiolucency of the left mandible [clinicopathologic conference] (Geist & others), 205
fibro-osseous lesion
Fibro-osseous lesions of the jaws (Waldron), 249
fibrous dysplasia
Superior and buccal displacement of the mandibular canal in fibrous dysplasia (Giunta & others), 460
fistula
Oronasal fistula secondary to nasal septal surgery and candidiasis (Thompson & others), 964
fixation
The lingual application of a reconstruction plate: a new method in bridging lower jaw defects (Raveh & others), 735
Mandibular fracture fixation and reconstruction using the lower-border threaded rod: an eleven-year follow-up study (Seldin & others), 115
Modified technique for external fixation following mandibular resection [letter] (Marx), 563
A pin-in-groove technique for reduction of displaced subcondylar fractures of the mandible (Wennogle & Delo), 659
Problems with literature reviews [letter] (Bennett; Ash), 153
Stability associated with mandibular advancement treated by rigid osseous fixation (Van Sickels & Flanary), 338
Use of screws for fixation after mandibular advancement [letter] (Van Sickels), 1
flap(s)
The sternocleidomastoid muscle as a muscular or myocutaneous flap for oral and facial reconstruction (Marx & McDonald), 155
fracture(s)
An analysis of 2,067 cases of zygomatico-orbital fracture (Ellis & others), 417
Compression osteosynthesis of mandibular fractures: a retrospective study (Tu & Tenhulzen), 585
Fracture of the glenoid fossa and dislocation of the mandibular condyle into the middle cranial fossa (Copenhaver & others), 974
Fracture of the hyoid bone associated with a mandibular fracture (Whyte), 805
Functional therapy for fractures of the condyloid process in adults (Thiele & Marcoot), 226
Intraalveolar transplantation of teeth with crown-root fractures (Kahnber), 38
Management of an unfavorable lingual fracture during a sagittal split osteotomy (Van Sickels & others), 808
Mandibular fracture fixation and reconstruction using the lower-border threaded rod: an eleven-year follow-up study (Seldin & others), 115
Mandibular fracture in a five-week-old infant (Mettubjian), 814
A pin-in-groove technique for reduction of displaced subcondylar fractures of the mandible (Wennogle & Delo), 659
Problems with literature reviews [letter] (Bennett; Ash), 153
A retrospective study of 1,521 mandibular fractures (Bochlogyros), 597
Treatment of condylar fractures associated with other mandibular fractures (Ikemura), 810
Tympanic plate fracture from mandibular trauma (Conover & Crammond), 292
freezing
Biologic effects of freezing on various tissues of the maxillofacial region (Ding & others), 778

G

Gaucher's disease
Gaucher's disease affecting the mandible (Hall & others), 210
genetics
Acute airway obstruction following tooth extraction in hereditary angioedema (Degroote & others), 52
Cowden's disease (multiple hamartoma syndrome) (Gilbert & others), 457
Gaucher's disease affecting the mandible (Hall & others), 210
Spontaneous regeneration of a unilaterally absent mandibular condyle (Keizer & Tuinzing), 130
Tooth extraction in two patients who had a congenital deficiency of factor XIII (Suzuki & Kaneda), 221
giant-cell arteritis
Necrosis of the upper lip from giant-cell arteritis (Pogrel), 300
giant cell granuloma
Case 57: multiple enlargements of the premaxilla and mandible [clinicopathologic conference] (Fotos & others), 822
gingiva(e)
Acute necrotizing ulcerative gingivitis in a case of systemic lupus erythematosus (Jaworski & others), 43
Gingival metastasis from breast carcinoma (Sweet & others), 546
Mandibular gingival metastasis from a rectal adenocarcinoma (Tsianos & others), 133
Pancreatic carcinoma metastatic to the mandibular gingiva (Stecher & others), 385
glenoid fossa
Fracture of the glenoid fossa and dislocation of the mandibular condyle into the middle cranial fossa (Copenhaver & others), 974
glossotomy
Median labiomandibular glossotomy for access to the cervical spine (Moore & Schwartz), 909
graft(s)
Alternative donor sites for maxillary bone grafts (Wolford & Cooper), 471
Antibiotic supplemented bone allografts [letter] (Hupp; Petri), 321
A comparison of freeze-dried allogeneic and fresh autologous vascularized rib grafts in dog radial discontinuity defects (Schaberg & others), 932
Composite graft for mandibular alveolar ridge augmentation: a preliminary report (Kraut), 856
The effect of electrical current on the healing of mandibular freeze-dried bone allografts in dogs (Branham & others), 403
Healing of mandibular ridge augmentations using hydroxylapatite with and without autogenous bone in dogs (Block & Kent), 3
Osteoinduction in rhesus monkeys using demineralized bone powder allografts (Hosny & Sharawy), 837
Osteoinduction in young and old rats using demineralized bone powder allografts (Hosny & Sharawy), 925
Recurrence of an ameloblastoma in an autogenous iliac bone graft (Stea), 374
Technique for controlled placement of hydroxylapatite over atrophic mandibular ridges (Propper), 469
A technique for osseous restoration of deficient edentulous maxillary ridges (Boyne & others), 87
Thermoplastic material for intraoral stent fabrication (Eppley & others), 913

Hamartoma
Cowden's disease (multiple hamartoma syndrome) (Gilbert & others), 457
Hand-Schüller-Christian disease
Total mandibular replacement in a patient with Hand-Schüller-Christian disease (Altshuler & others), 966
head
Rabies therapy for animal bites in the head and neck region (Flanigan & others), 704
healing
Alveolar wound healing and ridge remodeling after tooth extraction in the rat: a histologic, radiographic, and histometric study (Guglielmotti & Cabrini), 359
Biologic effects of freezing on various tissues of the maxillofacial region (Ding & others), 778
The effect of electrical current on the healing of mandibular freeze-dried bone allografts in dogs (Branham & others), 403
Fibrin seal: the state of the art (Matras), 605
Healing of mandibular ridge augmentations using hydroxylapatite with and without autogenous bone in dogs (Block & Kent), 3
Wound healing after anterior and posterior superior subapical osteotomy (Scheideman & others), 408
health care costs
Getting a charge out of oral surgery [editorial] (Laskin), 658
hemangioma
Intramuscular hemangioma of the tongue (Small & Nathan), 214
The use of transarterial microembolization in the management of hemangiomas of the perioral region (Braun & others), 239
hemoglobin
Prilocaine-induced methemoglobinemia in a child with Shwachman syndrome (Klos & Hays), 621
heterotopic cyst
Simultaneous occurrence of dermoid and heterotopic intestinal cysts in the floor of the mouth of a newborn (Eppley & others), 880
hydroxylapatite
Composite graft for mandibular alveolar ridge augmentation: a preliminary report (Kraut), 856

Evaluation of a subcutaneously implanted hydroxylapatite-avitene mixture in rabbits (Harvey & others), 277
Evaluation of hydroxylapatite root implants in baboons (Gumaer & others), 73
Experimental study of the use of collagen tubes for implantation of particulate hydroxylapatite (Gongloff & Montgomery), 845
Healing of mandibular ridge augmentations using hydroxylapatite with and without autogenous bone in dogs (Block & Kent), 3
A method for augmenting the severely atrophic maxilla using hydroxylapatite (Lew), 57
Technique for controlled placement of hydroxylapatite over atrophic mandibular ridges (Propper), 469
Use of collagen tubes for implantation of hydroxylapatite: an experimental study (Gongloff & others), 570

hyoid bone
Fracture of the hyoid bone associated with a mandibular fracture (Whyte), 805

I

immobilization
The effects of immobilization on the rabbit temporomandibular joint (Lydiatt & Davis), 188

implant(s)
Evaluation of subcutaneously implanted hydroxylapatite-avitene mixture in rabbits (Harvey & others), 277
Evaluation of hydroxylapatite root implants in baboons (Gumaer & others), 73
Experimental study of the use of collagen tubes for implantation of particulate hydroxylapatite (Gongloff & Montgomery), 845
Technique for controlled placement of hydroxylapatite over atrophic mandibular ridges (Propper), 469
Use of collagen tubes for implantation of hydroxylapatite: an experimental study (Gongloff & others), 570

infection
Closed percutaneous catheter drainage of a cervical abscess (Sacks & Gilmore), 971
Ludwig's angina resulting from the infection of an oral malignancy (Fischmann & Graham), 795
Maxillary nerve involvement in bacterial endocarditis (Barrett & Smith), 816
Salvage of the mandibular staple bone plate following bone infection (Davenport & others), 981
The spread of odontogenic infections to the orbit: diagnosis and management (Bullock & Fleishman), 749
Use of computed tomography in the localization of head and neck space infections (Hall & others), 978

inferior alveolar nerve
Microsurgical correction of the injured inferior alveolar nerve (Mozsary & Syers), 353

injury
Microsurgical correction of the injured inferior alveolar nerve (Mozsary & Syers), 353
Traumatic aneurysm of the facial artery caused by missile injury (Rahmat & others), 990

insurance
Discrimination by insurance carriers [letter] (Alling), 748
Worker's compensation insurance for the oral surgeon [letter] (Lazarski), 657

interdisciplinary collaboration
Management of facial trauma: teaching collaboration by example (Fisher), 305

inverted follicular keratosis
Inverted follicular keratosis (White & others), 498

jaw(s)
Chondrosarcoma of the jaw: review of fourteen cases (Ajagbe & others), 763
Diagnosis and treatment of jaw tumors in children (Chuong & Kaban), 323
Fibro-osseous lesions of the jaws (Waldron), 249
The lingual application of a reconstruction plate: a new method in bridging lower jaw defects (Raveh & others), 735
Metastatic neuroblastoma of the jaws (Newland & others), 549
Nonendemic American Burkitt's lymphoma (Van Sickels & others), 453
Surgical treatment of van Buchem's disease (Ruckert & others), 801
Total mandibular replacement in a patient with Hand-Schüller-Christian disease (Altshuler & others), 966
Vascular malformation: report of a case with eight-year follow up (Spatz & others), 281

joint(s)
Adenocarcinoma metastatic to the temporomandibular joint (Hecker & others), 629
The correlation of temporomandibular joint sounds with joint morphology in fifty-five autopsy specimens (Eriksson & others), 194
The effects of immobilization on the rabbit temporomandibular joint (Lydiatt & Davis), 188
Long-term evaluation of meniscectomy of the temporomandibular joint (Eriksson & Westesson), 263
Morphology of the developing articular disc of the human temporomandibular joint (Wong & others), 565
Osteoarthritis of the temporomandibular joint: a light microscopic and scanning electron microscopic study of the articular cartilage of the mandibular condyle (DeBint & others), 481
Patient response to surgical and nonsurgical treatment for internal derangement of the temporomandibular joint (Benson & Keith), 770
Protracted temporomandibular joint arthritis in familial Mediterranean fever (Toii & others), 466
The short-term effect of intra-articular injections of sodium hyaluronate and corticosteroid on temporomandibular joint pain and dysfunction (Kopp & others), 429
Use of prophylactic antibiotics in temporomandibular joint surgery (Eppley & Delfino), 675

K

keratocyst
Development of a keratocyst in the facial soft tissues (van der Wal), 614
Odontogenic keratocysts: review of the literature and report of sixteen cases (Zachariades & others), 177

Kocher clamp
Modified Kocher clamp for fragment stabilization after sagittal ramus osteotomy (Alexander), 649

L

laboratory screening
The usefulness of preoperative laboratory screening [abstract], 918

lacrimal gland
Mikulicz syndrome (Penfold), 900

larynx
Laryngeal incompetence following facial trauma (Zachariades), 638

laser
Removal of oral soft tissue pathology with the CO_2 laser (Frame), 850

Le Fort osteotomy
Modifications in the Le Fort III osteotomy (Kinnebrew & Dzyak), 995
Treatment of maxillary deficiency by a Le Fort I downsliding technique (Reyneke & Masureik), 914

legal aspects
Medicolegal aspects of lingual nerve injury [letters] (Himmelfarb; Mozsary), 71

Atraumatic harvesting of the sural nerve (Wessberg), 237
Calcified structures in anterior maxillary cysts (Haber-Cohen & Eckhart), 573
Condylar position after mandibular advancement (Reitzik; Will), 479
Dental experience for the oral surgery resident (Kreutz), 748
Discrimination by insurance carriers (Alling), 748
Increasing the operative experience of oral and maxillofacial surgeons (Hauser & Meyer), 836
Medicolegal aspects of lingual nerve injury (Himmelfarb; Mozsary), 71
Mini-residencies—pro and con (Elias; Trieger), 657
Modified technique for external fixation following mandibular resection (Marx), 563
A plea for more fellowships (Zide), 237
Problems with literature reviews (Bennett; Ash), 153
Solving the litigation problem (Davis), 924
Use of screws for fixation after mandibular advancement (Van Sickels), 1
Worker's compensation insurance for the oral surgeon (Lazarski), 657

leukemia
Selective anesthesias of the inferior alveolar nerve in leukemia and lymphoma (Barrett), 992

liability
The liability crisis: a public and professional problem [editorial] (Laskin), 835

lingual nerve(s)
Medicolegal aspects of lingual nerve injury [letters] (Himmelfarb; Mozsary), 71

lip(s)
Necrosis of the upper lip from giant-cell arteritis (Pogrel), 300

lipomatosis
Encephalocraniocutaneous lipomatosis and mixed odontogenic tumors (Savage & others), 617

Ludwig's angina
Ludwig's angina resulting from the infection of an oral malignancy (Fischmann & Graham), 795
A re-evaluation of the role of tracheostomy in Ludwig's angina (Allen & others), 436

lymphoma
Nonendemic American Burkitt's lymphoma (Van Sickels & others), 453
Selective anesthesias of the inferior alveolar nerve in leukemia and lymphoma (Barrett), 992

M

malignancy
Adenocarcinoma metastatic to the temporomandibular joint (Hecker & others), 629
Ameloblastic sarcoma of the mandible (Altini & others), 789
Choriocarcinoma metastatic to the maxillofacial region (Sesenna & Gazzotti), 543
Gingival metastasis from breast carcinoma (Sweet & others), 546
Ludwig's angina resulting from the infection of an oral malignancy (Fischmann & Graham), 795
Malignant mixed salivary tumor presenting as a mandibular metastasis (Mellor & Scott), 896
Mandibular metastasis from a primary adenocarcinoma of the Fallopian tube (Curtin & Radden), 636
Metastatic neuroblastoma of the jaws (Newland & others), 549
Nonendemic American Burkitt's lymphoma (Van Sickels & others), 453
Surgical treatment of pleomorphic adenoma of the parotid gland: report of 110 cases (Chang & Lee), 680
malignant hyperthermia
Malignant hyperthermia in a patient receiving nitrous oxide (Waite & others), 907
malocclusion
Components of adult class II open-bite malocclusion (Ellis & others), 92
The frequency and distribution of skeletal and dental components in Class I orthognathic surgery patients (Lawrence & others), 24
mandible
Aggressive ossifying fibroma of the mandible (Reaume & others), 631
Ameloblastic sarcoma of the mandible (Altini & others), 789
Bilateral coronoid hyperplasia: report of two cases (Kraut), 612
Case 53: Multiloculated radiolucency of the left mandible [clinicopathologic conference] (Geist & others), 205
Case 55: large right mandibular mass [clinicopathologic conference] (Addante & Laskin), 531
Case 57: multiple enlargements of the premaxilla and mandible [clinicopathologic conference] (Fotos & others), 822
A comparison between superior and inferior border wiring techniques in sagittal split ramus osteotomy (Singer & Bays), 444
Composite graft for mandibular alveolar ridge augmentation: a preliminary report (Kraut), 856
Compression osteosynthesis of mandibular fractures: a retrospective study (Tu & Tenhulzen), 585
Computed tomography in the diagnosis and treatment of mandibular ameloblastoma: report of cases (Cohen & others), 796
Condylar position after mandibular advancement [letter] (Reitzik; Will), 479
The correction of mandibular deformity due to Paget's disease of bone (Wienfeld & others), 125
The effect of electrical current on the healing of mandibular freeze-dried bone allografts in dogs (Branham & others), 403
The effects of orthognathic surgery on mandibular range of motion (Aragon & others), 938
Endochondral ossification of the condyle in rats on a strontium or low-calcium diet (Nagayama & others), 693
Extensive osteolysis of the mandible following devitalization of a tooth by arsenic trioxide (Yakata & others), 462
Facial pain complaints in the elderly (Marciani & others), 173
Fracture of the glenoid fossa and dislocation of the mandibular condyle into the middle cranial fossa (Copenhaver & others), 974
Fracture of the hyoid bone associated with a mandibular fracture (Whyte), 805
Functional therapy for fractures of the condyloid process in adults (Thiele & Marcoot), 226
Gaucher's disease affecting the mandible (Hall & others), 210
Healing of mandibular ridge augmentations using hydroxylapatite with and without autogenous bone in dogs (Block & Kent), 3
Intraoperative complications of the sagittal osteotomy of the mandibular ramus: incidence and management (Turvey), 504
Intraoral vertical subcondylar osteotomy: a national survey (Niebergall & Mercuri), 450
The lingual application of a reconstruction plate: a new method in bridging lower jaw defects (Raveh & others), 735
Malignant mixed salivary tumor presenting as a mandibular metastasis (Mellor & Scott), 896
Management of an unfavorable lingual fracture during a sagittal split osteotomy (Van Sickels & others), 808
Mandibular fracture fixation and reconstruction using the lower-border threaded rod: an eleven-year follow-up study (Seldin & others), 115
Mandibular fracture in a five-week-old infant (Mettubjian), 814
Mandibular gingival metastasis from a rectal adenocarcinoma (Tsianos & others), 133
Mandibular metastasis from a primary adenocarcinoma of the Fallopian tube (Curtin & Radden), 636
Modified technique for external fixation following mandibular resection [letter] (Marx), 563
Modification of the biphase appliance for large mandibular resections (Webb & Whitcher), 827
Myxoma of the mandible with unusual radiographic appearance (Chuchurru & others), 987
Osteoarthritis of the temporomandibular joint: a light microscopic and scanning electron microscopic study of the articular cartilage of the mandibular condyle (DeBint & others), 481
Pancreatic carcinoma metastatic to the mandibular gingiva (Stecher & others), 385
A pin-in-groove technique for reduction of displaced subcondylar fractures of the mandible (Wennogle & Delo), 659
Primary angioleiomyoma of the mandible (White & others), 640
A prospective study of complications related to mandibular third molar surgery (Osborn & others), 767
A retrospective study of 1,521 mandibular fractures (Bochlogyros), 597
Salvage of the mandibular staple bone plate following bone infection (Davenport & others), 981
Spontaneous regeneration of a unilaterally absent mandibular condyle (Keizer & Tuinzing), 130
Spontaneous regeneration of the condyle following hemimandibulectomy by disarticulation (Nagase & others), 218
Stability associated with mandibular advancement treated by rigid osseous fixation (Van Sickels & Flanary), 338
Subperiosteal onlay augmentation of the mandible: a clinical and radiographic survey (Swart & Allard), 183
Superior and buccal displacement of the mandibular canal in fibrous dysplasia (Giunta & others), 460
Surgical treatment of van Buchem's disease (Ruckert & others), 801
A technical note on placement of the mandibular staple bone plate (Heffez), 225
Technique for controlled placement of hydroxylapatite over atrophic mandibular ridges (Propper), 469
Total mandibular replacement in a patient with Hand-Schüller-Christian disease (Altshuler & others), 966
Treatment of condylar fractures associated with other mandibular fractures (Ikemura), 810
Tympanic plate fracture from mandibular trauma (Conover & Crammond), 292
Use of screws for fixation after mandibular advancement [letter] (Van Sickels), 1
Mapleson-D system
Evaluation of rebreathing in various modifications of the Mapleson-D system (Campbell & others), 574
marrow
Composite graft for mandibular alveolar ridge augmentation: a preliminary report (Kraut), 856
masseter
Changes in distribution of some crucial elements in masseter myofibers following surgically induced trauma (Engel & Amin), 528
maxilla
Alternative donor sites for maxillary bone grafts (Wolford & Cooper), 471
Biologic effects of freezing on various tissues of the maxillofacial region (Ding & others), 778
Calcified structures in anterior maxillary cysts [letter] (Haber-Cohen & Eckhart), 573
Case 56: intraosseous tumor of the maxilla [clinicopathologic conference] (Petri & others), 726
Case 57: multiple enlargements of the premaxilla and mandible [clinicopathologic conference] (Fotos & others), 822
Case 58: maxillary alveolar mass in a 13-year-old boy [clinicopathologic conference] (Sacks & others), 958
Choriocarcinoma metastatic to the maxillofacial region (Sesenna & Gazzotti), 543
Desmoplastic fibroma of the maxilla (George & others), 718
Fiberoptic antroscopy (Pogrel), 139
Maxillary nerve involvement in bacterial endocarditis (Barrett & Smith), 816
The maxillary step osteotomy and Steinmann pin stabilization (Bennett & Wolford), 307
A method for augmenting the severely atrophic maxilla using hydroxylapatite (Lew), 57
The nature of vertical maxillary deformities: implications for surgical intervention (Ellis), 756
Rigid stabilization system for maxillary osteotomies (Bays), 60
Sialolith in a median anterior maxillary cyst (Sadeghi & Angell), 55
Syndrome of inappropriate antidiuretic hormone secretion associated with maxillofacial trauma (Gingrass & Grote), 626
A technique for osseous restoration of deficient edentulous maxillary ridges (Boyne & others), 87
Treatment of maxillary deficiency by a Le Fort I downsliding technique (Reyneke & Masureik), 914
Variations of vertical maxillary excess (Schendel & Carlotti), 590
melanocytes
Melanin pigmentation in a mucoepidermoid tumor of a minor salivary gland (Aufdemorte & others), 876
meniscus
Long-term evaluation of meniscectomy of the temporomandibular joint (Eriksson & Westesson), 263
metastasis
Adenocarcinoma metastatic to the temporomandibular joint (Hecker & others), 629

Choriocarcinoma metastatic to the maxillofacial region (Sesenna & Gazzotti), 543
Gingival metastasis from breast carcinoma (Sweet & others), 546
Malignant mixed salivary tumor presenting as a mandibular metastasis (Mellor & Scott), 896
Mandibular gingival metastasis from a rectal adenocarcinoma (Tsianos & others), 133
Mandibular metastasis from a primary adenocarcinoma of the Fallopian tube (Curtin & Radden), 636
Metastatic neuroblastoma of the jaws (Newland & others), 549
Pancreatic carcinoma metastatic to the mandibular gingiva (Stecher & others), 385

methemoglobinemia
Prilocaine-induced methemoglobinemia in a child with Shwachman syndrome (Klos & Hays), 621

methyl methacrylate
Methyl methacrylate obturation of the pneumatized articular eminence of the temporal bone (Kraut), 554

Mikulicz syndrome
Mikulicz syndrome (Penfold), 900

mucinosis
Oral focal mucinosis (Saito & others), 372

mucoepidermoid tumor
Melanin pigmentation in a mucoepidermoid tumor of a minor salivary gland (Aufdemorte & others), 876

Mucosa(e)
Effects of smokeless tobacco and snuff on oral mucosa of experimental animals (Shklar & others), 80
Monomorphic adenoma of the buccal mucosa (McCoy-Collins & others), 644
Verruciform xanthoma of the oral mucosa (Van der Waal & others), 623

muscle(s)
Changes in distribution of some crucial elements in masseter myofibers following surgically induced trauma (Engel & Amin), 528
Primary angioleiomyoma of the mandible (White & others), 640
The sternocleidomastoid muscle as a muscular or myocutaneous flap for oral and facial reconstruction (Marx & McDonald), 155

myxoma
Myxoma of the mandible with unusual radiographic appearance (Chuchurru & others), 987

myoepithelioma
Plasmacytoid myoepithelioma of a minor salivary gland (Thompson & others), 285

N

nasal septum
Oronasal fistula secondary to nasal septal surgery and candidiasis (Thompson & others), 964

neck
Closed percutaneous catheter drainage of a cervical abscess (Sacks & Gilmore), 971
Rabies therapy for animal bites in the head and neck region (Flanigan & others), 704

neoplasm(s)
Computed tomography in the diagnosis and treatment of mandibular ameloblastoma: report of cases (Cohen & others), 796
Plasmacytoid myoepithelioma of a minor salivary gland (Thompson & others), 285
Post-irradiation osteogenic sarcoma (Zachariades & others), 297
Primary angioleiomyoma of the mandible (White & others), 640

nerve(s)
Atraumatic harvesting of the sural nerve [letter] (Wessberg), 237
Biologic effects of freezing on various tissues of the maxillofacial region (Ding & others), 778
Facial nerve injury during surgery of the temporomandibular joint: a comparison of two techniques (Hall & others), 20
Maxillary nerve involvement in bacterial endocarditis (Barrett & Smith), 816
Medicolegal aspects of lingual nerve injury [letters] (Himmelfarb; Mozsary), 71
Microsurgical correction of the injured inferior alveolar nerve (Mozsary & Syers), 353
Selective anesthesias of the inferior alveolar nerve in leukemia and lymphoma (Barrett), 992

neuralgia
Brainstem auditory evoked potentials in atypical facial neuralgia (Ramani), 35

neuroblastoma
Metastatic neuroblastoma of the jaws (Newland & others), 549

Nigeria
Adenomatoid odontogenic tumor in a black African population: report of thirteen cases (Ajagbe & others), 683

nonsteroidal anti-inflammatory drugs
Intolerance to aspirin and the nonsteroidal anti-inflammatory drugs (Housholder), 333

nose
A simplified nasal packing (Burke), 555

O

odontogenic carcinoma
Clear cell ameloblastoma—an odontogenic carcinoma (Waldron & others), 707

odontogenic fibroma
Odontogenic fibroma of the complex (WHO) type: report of six cases (Doyle & others), 666
Squamous odontogenic fibroma (Erseven & others), 136

odontogenic keratocyst
Odontogenic keratocysts: review of the literature and report of sixteen cases (Zachariades & others), 177

odontogenic tumor
Anenomatoid odontogenic tumor in a black African population: report of thirteen cases (Ajagbe & others), 683
Squamous adontogenic tumor related to an unerupted lower canine (Monteil & Terestri), 888

open bite
Components of adult class II open-bite malocclusion (Ellis & others), 92
The inverted L osteotomy for treatment of skeletal open-bite deformities (Dattilo & others), 440

operculum
Pericoronitis: a reappraisal of its clinical and microbiologic aspects (Nitzan & others), 510

oral and maxillofacial surgery
Keeping the boundaries of specialization [editorial] (Laskin), 480

oral cavity
Blood loss with use of the Shaw scalpel for the treatment of oral cancer (Takagi & others), 580
Evaluation of a subcutaneously implanted hydroxylapatite-avitene mixture in rabbits (Harvey & others), 277
Ludwig's angina resulting from the infection of an oral malignancy (Fischmann & Graham), 795
Oral focal mucinosis (Saito & others), 372
Removal of oral soft tissue pathology with the CO_2 laser (Frame), 850
Simultaneous occurrence of dermoid and heterotopic intestinal cysts in the floor of the mouth of a newborn (Eppley & others), 880
Thermoplastic material for intraoral stent fabrication (Eppley & others), 913
The use of transarterial microembolization in the management of hemangiomas of the perioral region (Braun & others), 239
Vascular leiomyoma of the oral cavity (Epivatianos & others), 377
Verruciform xanthoma of the oral mucosa (van der Waal & others), 623

orbit
The spread of odontogenic infections to the orbit: diagnosis and management (Bullock & Fleishman), 749

orthognathic surgery
Autologous transfusion in orthognathic surgery (Marciani & Dickson), 201
The effects of orthognathic surgery on mandibular range of motion (Aragon & others), 938
The frequency and distribution of skeletal and dental components in Class II orthognathic surgery patients (Lawrence & others), 24
Intraoral vertical subcondylar osteotomy: a national survey (Niebergall & Mercuri), 450
Maintenance of condylar position after sagittal split osteotomy of the mandible (Leonard), 391
Modified Kocher clamp for fragment stabilization after sagittal ramus osteotomy (Alexander), 649
Nitroglycerin-controlled circulation in orthognathic surgery (Golia & others), 342
Orthognathic surgery norms for American black patients [abstract] (Luna), 917
Prevention of tooth decalcification under acrylic splints used in orthognathic surgery (Bell), 650
The relationship between blood ordered and blood administered in orthognathic surgery: a retrospective study (Ash & Mercuri), 944
Stability associated with mandibular advancement treated by rigid osseous fixation (Van Sickels & Flanary), 338
Treatment of maxillary deficiency by a Le Fort I downsliding technique (Reyneke & Masureik), 914

osseointegrated implant
Long-term effects on chewing with mandibular fixed prostheses on osseointegrated implants [abstract] (Hupp), 917

osseous tumor
Pseudomalignant osseous tumor of the temporalis muscle (Wiesenfeld & others), 786

ossification
Endochondral ossification of the condyle in rats on a strontium or low-calcium diet (Nagayama & others), 693

osteoarthritis
Osteoarthritis of the temporomandibular joint: a light microscopic and scanning electron microscopic study of the articular cartilage of the mandibular condyle (DeBont & others), 481

osteoinduction
Osteoinduction in rhesus monkeys using demineralized bone powder allografts (Hosny & Sharawy), 837

Osteoinduction in young and old rats using demineralized bone powder allografts (Hosny & Sharawy), 925
osteolysis
Extensive osteolysis of the mandible following devitalization of a tooth by arsenic trioxide (Yakata & others), 462
osteosynthesis
Compression osteosynthesis of mandibular fractures: a retrospective study (Tu & Tenhulzen), 585
osteotomy
A comparison between superior and inferior border wiring techniques in sagittal split ramus osteotomy (Singer & Bays), 444
Effects on the periodontium of vertical bone cutting for segmental osteotomy (Kwon & others), 952
Intraoral vertical subcondylar osteotomy: a national survey (Niebergall & Mercuri), 450
Intraoperative complications of the sagittal osteotomy of the mandibular ramus: incidence and management (Turvey), 504
The inverted L osteotomy for treatment of skeletal open-bite deformities (Dattilo & others), 440
Maintenance of condylar position after sagittal split osteotomy of the mandible (Leonard), 391
Management of an unfavorable lingual fracture during a sagittal split osteotomy (Van Sickels & others), 808
The maxillary step osteotomy and Steinmann pin stabilization (Bennett & Wolford), 307
Modifications in the Le Fort III osteotomy (Kinnebrew & Dzyak), 995
Modified Kocher clamp for fragment stabilization after sagittal ramus osteotomy (Alexander), 649
Removal of a broken saw blade (Tuinzing & Greebe), 995
Rigid stabilization system for maxillary osteotomies (Bays), 60
Wound healing after anterior and posterior superior subapical osteotomy (Scheideman & others), 408
oxygen
Continuous transcutaneous O_2 and CO_2 monitoring during conscious sedation for oral surgery (Kraut), 489

P

packing
A simplified nasal packing (Burke), 555
Paget's disease
The correction of mandibular deformity due to Paget's disease of bone (Wiesenfeld & others), 125
pain
Comparison of the analgesic efficacy of flurbiprofen and aspirin for postsurgical dental pain (Mardirossian & Cooper), 106
Comparison of meclofenamate sodium with buffered aspirin and placebo in the treatment of postsurgical dental pain (Markowitz & others), 517
Diagnosis of temporomandibular joint pain in patients seen at a pain clinic (Goss & others), 110
Facial pain complaints in the elderly (Marciani & others), 173
The short-term effect of intra-articular injections of sodium hyaluronate and corticosteroid on temporomandibular joint pain and dysfunction (Kopp & others), 429
palate
Case 54: solitary palatal ulcer [clinicopathologic conference] (Hupp & others), 365
Medial palatine cyst (Gingell & others), 47
paresthesia
Sublabial antrostomy (Ghosh), 142
parotid
A modified centripetal approach to parotidectomy (Wang & others), 14
Surgical treatment of pleomorphic adenoma of the parotid gland: report of 110 cases (Chang & Lee), 680
pericoronitis
Pericoronitis: a reappraisal of its clinical and microbiologic aspects (Nitzan & others), 510
periodontium
Effects on the periodontium of vertical bone cutting for segmental osteotomy (Kwon & others), 952
pin(s)
Modification of the biphase appliance for large mandibular resections (Webb & Whitcher), 827
A pin-in-groove technique for reduction of displaced subcondylar fractures of the mandible (Wennogle & Delo), 659
plate(s)
The lingual application of a reconstruction plate: a new method in bridging lower jaw defects (Raveh & others), 735
Salvage of the mandibular staple bone plate following bone infection (Davenport & others), 981
A technical note on placement of the mandibular staple bone plate (Heffez), 225
pleomorphic adenoma
Surgical treatment of pleomorphic adenoma of the parotid gland: report of 110 cases (Chang & Lee), 680
political action committee
Putting power in our PAC [editorial] (Laskin), 747
professional responsibility
The wizard of Ooze: a tale of responsibility [editorial] (Laskin), 322
prognathism
Intraoral vertical subcondylar osteotomy: a national survey (Niebergall & Mercuri), 450
prostaglandins
Prostaglandin synthesis in dental cysts [abstract], 918
psychologic aspects
Conversion phenomenon following general anesthesia (Orr & Glassman), 817
publication
The paper chase [editorial] (Laskin), 2
pulp
Aberrations in pulpal histology and dentinogenesis in transplatned erupting teeth (Monsour & Adkins), 8
Extensive osteolysis of the mandible following devitalization of a tooth by arsenic trioxide (Yakata & others), 462
Wound healing after anterior and posterior superior subapical osteotomy (Scheideman & others), 408

R

rabies
Rabies therapy for animals bites in the head and neck region (Flanigan & others), 704
radiology
Myxoma of the mandible with unusual radiographic appearance (Chuchurru & others), 987
Post-irradiation osteogenic sarcoma (Zachariades & others), 297
Radiographic appearance and population distribution of the pneumatized articular eminence of the temporal bone (Tyndall & Matteson), 493
ramus
Intraoperative complications of the sagittal osteotomy of the mandibular ramus: incidence and management (Turvey), 504
Modified Kocher clamp for fragment stabilization after sagittal ramus osteotomy (Alexander), 649
rebreathing
Evaluation of rebreathing in various modifications of the Mapleson-D system (Campbell & others), 574
reconstruction
The lingual application of a reconstruction plate: a new method in bridging lower jaw defects (Raveh & others), 735
Mandibular fracture fixation and reconstruction using the lower-border threaded rod: an eleven-year follow-up study (Seldin & others), 115
The sternocleidomastoid muscle as a muscular or myocutaneous flap for oral and facial reconstruction (Marx & McDonald), 155
residency
Dental experience for the oral surgery resident [letter] (Kreutz), 748
Increasing the operative experience of oral and maxillofacial surgeons [letter] (Hauser & Meyer), 836
Mini-residencies—pro and con [letters] (Elias; Trieger), 657
The residency matching program: an idea whose time has come [editorial] (Laskin), 154
respiration
Adult respiratory distress syndrome as a complication of oral and maxillofacial surgery (Woodcock & others), 782
Pathogenesis and treatment of adult respiratory distress syndrome (Tse & others), 870
ridge
Alveolar wound healing and ridge remodeling after tooth extraction in the rat: a histologic, radiographic, and histometric study (Guglielmotti & Cabrini), 359
Composite graft for mandibular alveolar ridge augmentation: a preliminary report (Kraut), 856
Evaluation of hydroxylapatite root implants in baboons (Gumaer & others), 73
Subperiosteal onlay augmentation of the mandible: a clinical and radiographic survey (Swart & Allard), 183
A technique for osseous restoration of deficient edentulous maxillary ridges (Boyne & others), 87
rigid fixation
Stability associated with mandibular advancement treated by rigid osseous fixaton (Van Sickels & Flanary), 338
root(s)
Evaluation of hydroxylapatite root implants in baboons (Gumaer & others), 73

S

saggital osteotomy
A comparison between superior and inferior border wiring techniques in sagittal split ramus osteotomy (Singer & Bays), 444
Intraoperative complications of the sagittal osteotomy of the mandibular ramus: incidence and management (Turvey), 504

Maintenance of condylar position after sagittal split osteotomy of the mandible (Leonard), 391
Management of an unfavorable lingual fracture during a sagittal split osteotomy (Van Sickels & others), 808
Modified Kocher clamp for fragment stabilization after sagittal ramus osteotomy (Alexander), 649
Stability associated with mandibular advancement treated by rigid osseous fixation (Van Sickels & Flanary), 338

salivary gland(s)
Giant submandibular gland calculi (Naraynsigh), 384
Glycogen-rich adenocarcinoma of a minor salivary gland (Lattanzi & others), 122
Malignant mixed salivary tumor presenting as a mandibular metastasis (Mellor & Scott), 896
Melanin pigmentation in a mucoepidermoid tumor of a minor salivary gland (Aufdemorte & others), 876
Mikulicz syndrome (Penfold), 900
Monomorphic adenoma of the buccal mucosa (McCoy-Collins & others), 644
Plasmacytoid myoepithelioma of a minor salivary gland (Thompson & others), 285
Sialadenoma papilliferum (Bass & Cosentino), 302
Tumors of the salivary glands: clinical analysis of 68 cases (Langdon), 688

sarcoma
Ameloblastic sarcoma of the mandible (Altini & others), 789
Post-irradiation osteogenic sarcoma (Zachariades & others), 297

saw blade
Removal of a broken saw blade (Tuinzing & Greebe), 995

screw fixation
Modified Kocher clamp for fragment stabilization after sagittal ramus osteotomy (Alexander), 649
Use of screws for fixation after mandibular advancement [letter] (Van Sickels), 1

sedation
Anesthesia or sedation? [letter] (Niamtu), 71
Continuous transcutaneous O_2 and CO_2 monitoring during conscious sedation for oral surgery (Kraut), 489

Shaw scalpel
Blood loss with use of the Shaw scalpel for the treatment of oral cancer (Takagi & others), 580

Shwachman syndrome
Prilocaine-induced methemoglobinemia in a child with Shwachman syndrome (Klos & Hays), 621

sialadenoma papilliferum
Sialadenoma papilliferum (Bass & Cosentino), 302

Sialolith
Sialolith in a median anterior maxillary cyst (Sadeghi & Angell), 55

Sjögren's syndrome
Sjögren's syndrome in a young adult (Hurt & Burrough), 819

skin
Biologic effects of freezing on various tissues of the maxillofacial region (Ding & others), 778
Inverted follicular keratosis (White & others), 498

smoking
Helping your patients stop smoking [editorial] (Laskin), 238

snuff
Effects of smokeless tobacco and snuff on oral mucosa of experimental animals (Shklar & others), 80

specialization
Keeping the boundaries of specialization [editorial] (Laskin), 480

spindle-cell carcinoma
Case 56: intraosseous tumor of the maxilla [clinicopathologic conference] (Petri & others), 726

spine
Median labiomandibular glossotomy for access to the cervical spine (Moore & Schwartz), 909

splints
Prevention of tooth decalcification under acrylic splints used in orthognathic surgery (Bell), 650
Problems with literature reviews [letter] (Bennett; Ash), 153

squamous cell carcinoma
Case 58: maxillary alveolar mass in a 13-year-old boy [clinicopathologic conference] (Sacks & others), 958

squamous odontogenic tumor
Squamous odontogenic tumor related to an unerupted lower canine (Monteil & Terestri), 888

staple(s)
Salvage of the mandibular staple bone plate following bone infection (Davenport & others), 981
A technical note on placement of the mandibular staple bone plate (Heffez), 225

Steinmann pin
The maxillary step osteotomy and Steinmann pin stabilization (Bennett & Wolford), 307

stent
Thermoplastic material for intraoral stent fabrication (Eppley & others), 913

step osteotomy
The maxillary step osteotomy and Steinmann pin stabilization (Bennett & Wolford), 307

sternocleidomastoid muscle
The sternocleidomastoid muscle as a muscular or myocutaneous flap for oral and facial reconstruction (Marx & McDonald), 155

submandibular gland
Arteriovenous malformation of the submandibular gland (Burns & others), 294
Giant submandibular gland calculi (Naraynsingh), 384

sural nerve
Atraumatic harvesting of the sural nerve [letter] (Wessberg), 237

surgery
Adult respiratory distress syndrome as a complication of oral and maxillofacial surgery (Woodcock & others), 782
Antibiotic prophylaxis for major maxillocraniofacial surgery (Conover & others), 865
Autologous transfusion in orthognathic surgery (Marciani & Dickson), 201
The effects of orthognathic surgery on mandibular range of motion (Aragon & others), 938
Facial nerve injury during surgery of the temporomandibular joint: a comparison of two techniques (Hall & others), 20
The frequency and distribution of skeletal and dental components in class II orthognathic surgery patients (Lawrence & others), 24
Intraoral vertical subcondylar osteotomy: a national survey (Niebergall & Mercuri), 450
Median labiomandibular glossotomy for access to the cervical spine (Moore & Schwartz), 909
Microsurgical correction of the injured inferior alveolar nerve (Mozsary & Syers), 353
A modified centripetal approach to parotidectomy (Wang & others), 14
Modified Kocher clamp for fragment stabilization after sagittal ramus osteotomy (Alexander), 649
Nitroglycerin-controlled circulation in orthognathic surgery (Golia & others), 342
Prevention of tooth decalcification under acrylic splints used in orthognathic surgery (Bell), 650
A prospective study of complications related to mandibular third molar surgery (Osburn & others), 767
The relationship between blood ordered and blood administered in orthognathic surgery: a retrospective study (Ash & Mercuri), 944
Removal of oral soft tissue pathology with the CO_2 laser (Frame), 850
Stability associated with mandibular advancement treated by rigid osseous fixation (Van Sickels & Flanary), 338
The sternocleidomastoid muscle as a muscular or myocutaneous flap for oral and facial reconstruction (Marx & McDonald), 155
Treatment of maxillary deficiency by a Le Fort I downsliding technique (Reyneke & Masureik), 914
Use of prophylactic antibiotics in temporomandibular joint surgery (Eppley & Delfino), 675
The use of transarterial microembolization in the management of hemangiomas of the perioral region (Braun & others), 239

surgical scrub
The influence of the surgical scrub on hand bacterial flora [abstract] (Ingalls), 918

sutures
Fibrin seal: the state of the art (Matras), 605

Systemic lupus erythematosus
Acute necrotizing ulcerative gingivitis in a case of systemic lupus erythematosus (Jaworski & others), 43

T

temporal bone
Methyl methacrylate obturation of the pneumatized articular eminence of the temporal bone (Kraut), 554
Radiographic appearance and population distribution of the pneumatized articular eminence of the temporal bone (Tyndall & Matteson), 493

temporomandibular joint
Adenocarcinoma metastatic to the temporomandibular joint (Hecker & others), 629
Arthrogryposis multiplex complex involving the temporomandibular joint (Heffez & others), 539
The correlation of temporomandibular joint sounds with joint morphology in fifty-five autopsy specimens (Eriksson & others), 194
Diagnosis of temporomandibular joint pain in patients seen at a pain clinic (Goss & others), 110
The effects of immobilization on the rabbit temporomandibular joint (Lydiatt & Davis), 188
Facial nerve injury during surgery of the temporomandibular joint: a comparison of two techniques (Hall & others), 20
Long-term evaluation of meniscectomy of the temporomandibular joint (Eriksson & Westesson), 263
Methyl methacrylate obturation of the pneumatized articular eminence of the temporal bone (Kraut), 554
Morphology of the developing articular disc of the human temporomandibular joint (Wong & others), 565

Osteoarthritis of the temporomandibular joint: a light microscopic and scanning electron microscopic study of the articular cartilage of the mandibular condyle (DeBont & others), 481
Pathologic evaluation of disc dysfunction and osseous abnormalities of the temporomandibular joint (Anderson & Katzberg), 947
Patient response to surgical and nonsurgical treatment for internal derangement of the temporomandibular joint (Benson & Keith), 770
Protracted temporomandibular joint arthritis in familial Mediterranean fever (Tovi & others), 466
The short-term effect of intra-articular injections of sodium hyaluronate and corticosteroid on temporomandibular joint pain and dysfunction (Kopp & others), 429
Use of prophylactic antibiotics in temporomandibular joint surgery (Eppley & Delfino), 675

tissue(s)
Aberrations in pulpal histology and dentinogenesis in transplanted erupting teeth (Monsour & Adkins), 8
Artifacts in oral biopsy sepcimens (Margarone & others), 163

tobacco
Effects of smokeless tobacco and snuff on oral mucosa of experimental animals (Shklar & others), 80

tongue
Intramuscular hemangioma of the tongue (Small & Nathan), 214
Median labiomandibular glossotomy for access to the cervical spine (Moore & Schwartz), 909

tooth (teeth)
Aberrations in pulpal histology and dentinogenesis in transplanted erupting teeth (Monsour & Adkins), 8
Acute airway obstruction following tooth extraction in hereditary angioedema (Degroote & others), 52
Alveolar wound healing and ridge remodeling after tooth extraction in the rat: a histologic, radiographic, and histometric study (Guglielmotti & Cabrini), 359
Ampicillin concentrations in human serum, gingiva, mandibular bone, dental follocle, and dental pulp following a single oral dose of talampicillin (Akimoto & others), 270
Comparison of the analgesic efficacy of flurbiporfen and aspirin for postsurgical dental pain (Mardirossian & Cooper), 166
Encephalocraniocutaneous lipomatosis and mixed odontogenic tumors (Savage & others), 617
Extensive osteolysis of the mandible following devitalization of a tooth by arsenic trioxide (Yakata & others), 462
Intraalveolar transplantation of teeth with crown-root fractures (Kahnberg), 38
Multiple extractions in a patient with factor VII deficiency (Sumi & others), 382
Odontogenic fibroma of the complex (WHO) type: report of six cases (Doyle & others), 666
Pericoronitis: a reappraisal of its clinical and microbiologic aspects (Nitzan & others), 510
Prevention of tooth decalcification under acrylic splints used in orthognathic surgery (Bell), 650
A prospective study of complication related to mandibular third molar surgery (Osborn & others), 767
The spread of odontogenic infections to the orbit: diagnosis and management (Bullock & Fleishman), 749
Squamous odontogenic tumor related to an unerupted lower canine (Monteil & Terestri), 888
Tooth extraction in two patients who had a congenital deficiency of factor XIII (Suzuki & Kaneda), 221

topical antimicrobials
Cellular and bacterial toxicities of topical antimicrobials [abstract] (Bee), 918

tracheostomy
Laryngeal incompetence following facial trauma (Zachariades), 638
A re-evaluation of the role of tracheostomy in Ludwig's angina (Allen & others), 436

transarterial microembolization
The use of transarterial microembolization in the management of hemangiomas of the perioral region (Braun & others), 239

transcutaneous monitoring
Continuous transcutaneous O_2 and CO_2 monitoring during conscious sedation for oral surgery (Kraut), 489

transfusion
Autologous transfusion in orthognathic surgery (Marciani & Dickson), 201

transplantation
Aberrations in pulpal histology and dentinogenesis in transplanted erupting teeth (Monsour & Adkins), 8
Intraalveolar transplantation of teeth with crown-root fractures (Kahnberg), 38

trauma
Changes in distribution of some crucial elements in masseter myofibers following surgically induced trauma (Engel & Amin), 528
Laryngeal incompetence following facial trauma (Zachariades), 638
Management of facial trauma: teaching collaboration by example (Fisher), 305
Syndrome of inappropriate antidiuretic hormone secretion associated with maxillofacial trauma (Gingrass & Grote), 626
Traumatic aneurysm of the facial artery caused by missile injury (Rahmat & others), 990
Tympanic plate fracture from mandibular trauma (Conover & Crammond), 292

tumor(s)
Adenomatoid odontogenic tumor in a black African population: report of thirteen cases (Ajagbe & others), 683
Aggressive ossifying fibroma of the mandible (Reaume & others), 631
Ameloblastic fibroma in an infant (Young), 289
Case 53: Multiloculated radiolucency of the left mandible [clinicopathologic conference] (Geist & others), 205
Case 55: large right mandibular mass [clinicopathologic conference] (Addante & Laskin), 531
Case 56: intraosseous tumor of the maxilla [clinicopathologic conference] (Petri & others), 726
Case 57: multiple enlargements of the premaxilla and mandible [clinicopathologic conference] (Fotos & others), 822
Chondrosarcoma of the jaw: review of fourteen cases (Ajagbe & others), 763
Clear cell ameloblastoma—an odontogenic carcinoma (Waldron & others), 707
Desmoplastic fibroma of the maxilla (George & others), 718
Diagnosis and treatment of jaw tumors in children (Chuong & Kaban), 323
Encephalocraniocutaneous lipomatosis and mixed odontogenic tumors (Savage & others), 617
Glycogen-rich adenocarcinoma of a minor salivary gland (Lattanzi & others), 122
Inverted follicular keratosis (White & others), 498
Malignant mixed salivary tumor presenting as a mandibular metastasis (Mellor & Scott), 896
Melanin pigmentation in a mucoepidermoid tumor of a minor salivary gland (Aufdemorte & others), 876
A modified centripetal approach to parotidectomy (Wang & others), 14
Monomorphic adenoma of the buccal mucosa (McCoy-Collins & others), 644
Odontogenic fibroma of the complex (WHO) type: report of six cases (Doyle & others), 666
Pseudomalignant osseous tumor of the temporalis muscle (Wiesenfeld & others), 786
Recurrence of an ameloblastoma in an autogenous iliac bone graft (Stea), 374
Sialadenoma papilliferum (Bass & Cosentino), 302
Squamous odontogenic fibroma (Erseven & others), 136
Squamous odontogenic tumor related to an unerupted lower canine (Monteil & Terestri), 888
Tumors of the salivary glands: clinical analysis of 68 cases (Langdon), 688
Vascular leiomyoma of the oral cavity (Epivatianos & others), 377

tympanic plate
Tympanic plate fracture from mandibular trauma (Conover & Crammond), 282

U

ulcer
Case 54: solitary palatal ulcer [clinicopathologic conference] (Hupp & others), 365

V

van Buchem's disease
Surgical treatment of van Buchem's disease (Ruckert & others), 801

vertical maxillary deformity(ies)
The nature of vertical maxillary deformities: implications for surgical intervention (Ellis), 756
Variations of vertical maxillary excess (Schendel & Carlotti), 590

vocal cords
A re-evaluation of the role of tracheostomy in Ludwig's angina (Allen & others), 436

W

wiring
A comparison between superior and inferior border wiring techniques in sagittal split ramus osteotomy (Singer & Bays), 444

X

xanthoma
Verruciform xanthoma of the oral mucosa (Van der Waal & others), 623
